DUAL DIAPHRAGM CONDENSER MICROPHONE

V67I DUAL DIAPHRAGM CONDENSER MICROPHONE

Thank you for purchasing the MXL® V67I. MXL microphones are the result of world-class engineering and manufacturing. They are designed to provide you with outstanding performance and exceptional value. For best results, please take a few moments to review this literature.

- Ideal for stringed instruments, cymbals, and percussion
- Interchangeable cardioid and omni-directional capsules for flexibility
- Flat response for recordings that are pure and natural

GENERAL CHARACTERISTICS

Dual Diaphragm Condenser Microphone. Features two different capsules, one bright and detailed, and the other warm. Convenient switch for capsule selection for greater versatility during recording sessions.

MICROPHONE CABLES

Your microphone cable can have a profound effect on the sound of any microphone. Even the finest microphones will sound poor if the interconnect cable allows noise to enter, which can cause distortion and loss of information. We recommend Mogami® Gold Studio Microphone Cables.

WARRANTY

MXL microphones are guaranteed against defects in material and quality for one year from date of purchase. Should you encounter any issues with this unit, please promptly contact the company you purchased it from for assistance. The original dated sales receipt will be necessary for any warranty claim. Do not send any unit directly to us without prior authorization from our service department. Warranty coverage is limited to repair or replacement (at our option) of the microphone, and does not cover incidental damages due to use of this unit, nor damage caused by accidental misuse of this product.

TECHNICAL SPECIFICATIONS

Type:	Condenser pressure gradient mic with large 32mm capsule
Diaphragm:	32mm / 6 and 8 micron gold-sputtered
Frequency response:	20 Hz – 20 kHz
Polar pattern:	Cardioid
Sensitivity:	22 mV/Pa
Impedance:	200 ohms
Attenuation switch:	0 dB, -6 dB
High pass filter:	6 dB/octave @ 150Hz
S/N Ratio:	78 dB (Ref. 1 Pa A-weighted)
Equivalent noise:	20 dB (A-weighted IEC 268-4)
Max SPL for .5% THD:	140 dB
Power requirements:	48V Phantom power
Size and weight:	47mm x 184mm / 1.85 in. x 7.24 in., 589.67g / 1.3 lbs
Metal Finish:	Green with gold grill
Included accessories:	MT-001 hard mount
